S.NO.	REPORT	DESCRIPTION
1.	Production figures of Sugar for crushing season 2024-2025	<p>We have started our cane crushing season on 02.12.2024 and closed the Mill on 07.04.2025. The production figures are as under :</p> <p>Cane Crush : 1,00,44,058.90 Qtl. Sugar Produced : 8,96,546.00 Qtl. Molasses Produced : 5,05,600.00 Qtl.</p> <p>We are enclosing herewith copy of RT-8C (Annexure-I) mentioning all the production data.</p>
2.	Waste Water Generation/Consumption Report	<p>We have 4300 Cum/day capacity Effluent Treatment Plant comprising with oil & grease trap, bar screen, equalization tank, feeding tank, anaerobic tank, aeration tank, clarifier and final outlet on which real time monitoring station has been installed which is connected with the website of PPCB/CPCB. We are enclosing herewith data of real time monitoring system from December 2024 to May 2025 as Annexure-II which clearly shows that the parameters like BOD, COD, TDS, TSS etc are within the limit.</p> <p>The Ministry had allowed us to reuse the treated water in the process/utilities in the sugar mill as well as for gardening/green belt development/horticulture in the project area within premises and accordingly we are re-using the same.</p>
3.	Environmental Statement	<p>We have sent Half Yearly Compliance Report (Environmental Statement) for the year 2023-24 on 28/12/2024 through E-Mail as well as uploaded in Parivesh Portal also. However, Environmental Statement for the year ending 31st March 2025 is under preparation and the same shall be submitted to your goodself.</p>
4.	Mock Drill Exercise	<p>We are regularly doing mock drill exercise in our Sugar and Cogeneration Power Plant area. On an average we are doing this exercise randomly. We are enclosing herewith copy of register maintained as Annexure-III. We have provided all necessary fire frightening points (Hydrant system) all the desired allocations and fire frightening equipments at all the locations.</p>
5.	Stack Emission Report	<p>We are having 2 Boilers, 80 TPH and 120 TPH Capacity.</p>

For A. B. Sugars Ltd.

 (Authorised Signatory)

5.	Stack Emission Report	We are having 2 Boilers, 80 TPH and 120 TPH Capacity. Wet Scrubber has provided as APCD to 80 TPH Boiler and ESP has been installed with 120 TPH Boiler. We are enclosing herewith Stack Emission report dated 05.12.2024 of Punjab Pollution Control Board as Annexure-IV.
6.	Effluent Quality Monitoring Report	We are enclosing herewith report of Effluent Monitoring report dated 18.12.2023 of Punjab Pollution Control Board as Annexure-V. We have also installed online effluent quality monitoring system which is attached with the site of Punjab Pollution Control Board and Central Pollution Control Board.
7.	Ambient Air quality Monitoring stations shall be set up in the down wind direction as well as where the maximum ground level concentration of PM, SO ₂ , NO _x are anticipated in.	We have installed Ambient Quality Monitoring Stations in our Unit and copy of monthly monitoring data of SPM Level, SO _x and NO _x is attached as Annexure-VI.
8.	The overall Noise levels in and around the plant are shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc on all sources of noise generation	We have adopted proper noise control measures with acoustic hoods, silencers, enclosures/canopy etc and regularly monitoring the same. We are enclosing herewith copy of monthly data maintained for Noise Level as Annexure-VII.
9.	Rain Water Harvesting	Rain Water harvesting system has already been installed in our factory buildings
10.	Compliance Report in respect of Environmental Clearance	Enclosed as Annexure-VIII
11.	Environment Management Cell	As per guidelines, we have constituted Environment Management Cell and defined its responsibilities who is working efficiently to protect the environment. We are enclosing herewith copy of Environment Management Cell team and its activities as Annexure-IX.
12.	Environment Protection Plan (EMP)	We have prepared Environment Protection Plan and we are complying with the same, copy of EMP is enclosed herewith as Annexure-X.
13.	Green Belt	We have developed Green Belt in approx 55 Acre Area where planted Eucalyptus, Popular, Palm, Ashoka, Chandani, Toon etc. In addition to above we have planted roses in factory premises and gardens, we are enclosing herewith some photographs of Green belt area as Annexure-XI

For A. B. Sugars Ltd.

(Authorised Signatory)

14.	Occupational health surveillance programme shall be undertaken as regular exercise for the all of employees.	We have indoor medical facilities (Dispensary) where one Doctor/Compounder is deputed at round the clock who give first aid/medicine to the workers/employees and their complete record is maintained. We are also doing Medical check of our employees and copy of reports are kept in our record.																		
15.	Consents of PPCB	We are running the Industry with valid consents of Punjab Pollution Control Board, our consents to operate u/s 25/26 of Water (Prevention & Control of Pollution) Act, 1974 and consents to operate u/s 21 of Air (Prevention & Control of Pollution) Act 1981 are valid upto 31/03/2028 and authorization for Hazardous and other waste (Management and Transboundary Movement) Rules, 2016 is valid upto 31.3.2029, copy of consents enclosed as Annexure XII.																		
16.	Ground Water Permission	We have got the permission for extraction of ground water from Punjab Regulatory Development Authority on 4 th March 2021 for extraction of 608/m3 ground water, copy of permission is already provided with our previous report.																		
17.	Ground Water Reports in respect of Soil around bio-compost area	Self monitored Ground Water Reports is enclosed herewith as Annexure-XIII.																		
18.	Insurance Policy under Public Liability Insurance Act, 1991.	Enclosed as Annexure-XIV.																		
19.	Detail of recurring and non recurring expenses in respect so for on Environment Management Plan.	<p>Funds spent on environment management plan with recurring cost is given below.</p> <p>Capital Cost:</p> <table border="1"> <thead> <tr> <th>Sr. No.</th><th>Particulars</th><th>Existing Unit (Lacs)</th></tr> </thead> <tbody> <tr> <td>1</td><td>Plant & Machinery (APCM)</td><td>372</td></tr> <tr> <td>2</td><td>Solid Waste management</td><td>7.5</td></tr> <tr> <td>3</td><td>Landscaping / plantation</td><td>9.5</td></tr> <tr> <td></td><td>Total</td><td>389 Lacs</td></tr> </tbody> </table> <p>Recurring Cost:</p> <table border="1"> <thead> <tr> <th>Sr. No.</th><th>Particulars</th><th>Existing Unit</th></tr> </thead> <tbody> </tbody> </table>	Sr. No.	Particulars	Existing Unit (Lacs)	1	Plant & Machinery (APCM)	372	2	Solid Waste management	7.5	3	Landscaping / plantation	9.5		Total	389 Lacs	Sr. No.	Particulars	Existing Unit

ANNEXURE - VIII

COMPLIANCE REPORT OF THE ENVIRONMENTAL CLEARANCE GRANTED BY THE MINISTRY OF ENVIRONMENT, FOREST & CLIMATE CHANGE VIDE THEIR LETTER F.NO. IA-J-11011/764/2007-IA II (I) DATED 5TH JANUARY 2021

POINT	COMPLIANCE STATUS
<p>A. SPECIFIC CONDITIONS:-</p> <p>i) The Company shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EMP in respect of environmental management and risk mitigation measure relating to the project shall be implemented.</p>	<p>We ensure for the same.</p>
<p>ii) As already committed by the project Proponent, Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged outside the premises. Treated effluent shall be re-used in the process/utilities in the Sugar Unit and in the Distillery Unit. Treated Industrial effluent shall not be used for gardening/green belt development/ horticulture in the project area.</p> <p>Revised condition (Approved in Amendment in EC Dated 31.3.2022)</p> <p>No Waste/treated water shall be discharged outside the premises. Treated water shall be re-used in the process/utilities in the sugar unit as well as for gardening/green belt development/horticulture in the project area within the premises.</p>	<p>We ensure for the same.</p>

For A. B. Sugars Ltd.

De
(Authorised Signatory)

<p>iii) Total fresh water requirement shall not exceed 608 Cum/day proposed to be met from bore well/ground water source, prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.</p>	<p>We have got the permission from Punjab Water Regulation & Development Authority, Chandigarh.</p>
<p>iv) Occupational health centre for surveillance of the worker's health shall be set up. The health data shall be used in deploying the duties of the workers. All workers & employees shall be provided with required safety kits/masks for personal protection.</p>	<p>We are already having Dispensary in our factory campus where the Doctor/Compounder is available round the clock. We maintain all the record of health check up of workers and being sent regularly to the Ministry alongwith our Compliance reports. We ensure for further betterment in the same.</p>
<p>v) The company shall undertake waste minimization measures as below (a) Metering and control of quantities of active ingredients to minimize waste (b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes (c) Use of automated filling to minimize spillage (d) use of close feed system into batch reactors (e) venting equipment through vapour recovery system (f) use of high pressure hoses for equipment clearing to reduce wastewater generation.</p>	<p>We ensure for the same.</p>

For A. B. Sugars Ltd.

(Authorised Signatory)

<p>vi) The green belt of at least 5-10 m width shall be developed in nearly 33% of the total project area, mainly along the plant periphery. Selection of plant species shall be as per the CPCB guidelines to consultation with the State Forest Department. Records of tree canopy shall be monitored through remote sensing map.</p>	<p>We have maintained more than 33% area as green belt.</p>
<p>vii) The activities and the action plan proposed by the project proponent to address the public hearing and socio-economic issues in the study area shall be completed as per the schedule presented before the committee and as described in the EMP report in letter and spirit. All the commitments made during public hearing shall be satisfactorily implemented. Preference shall be given to local villagers for employment in the unit.</p>	<p>We ensure for the same.</p>
<p>viii) Storm water from the roof top shall be channelized through pipes to the storage tank constructed for harvesting of rain water in the premises and harvested water shall be used for various industrial processes in the unit. No recharge shall be permitted within the premises. Process effluent/any wastewater shall not be allowed to mix with storm water.</p>	<p>We ensure for the same.</p>

For A. B. Sugars Ltd.

(Authorised Signatory)

<p>ix) There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products and no parking to be allowed on outside on public places.</p>	<p>We are having sufficient space for parking of vehicles of raw mater and ensure that no vehicle shall be parked outside the factory premises/public places.</p>
<p>x) Project proponent shall reduce the quantity of effluents generated in the unit and PP shall install the effective wastewater treatment system. Adequate system shall be in place for controlling the ordour and mitigation measures to protect the contamination of ground/surface water.</p>	<p>We ensure for the same.</p>
<p>xi) Continuous online (24 x 7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration and the data to be transmitted to the CPCB and SCPB server. For online continuous monitoring of effluent of the unit shall be install web camera with nigh vision capability and flow meters in the channel/drain carrying effluent within the premises.</p>	<p>We have already installed system for online continuous monitoring of effluent, web cameras at our ETP as well as Boiler stacks and we ensure for compliance of rest of the directions.</p>
<p>B. General Conditions :</p> <p>i) No further expansion or modification in the plant, other than mentioned in the EIA Notification, 2006 and its amendments shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of</p>	<p>We commit that we shall not made any further expansion in the plant without prior approval of the Ministry/SEIAA.</p>

For A. B. Sugars Ltd.

(Authorised Signatory)

<p>deviations or alternations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.</p>	
<p>ii) The energy source for lighting purpose shall be preferably LED based or advanced having preference in energy conservation and environment betterment.</p>	<p>We have replaced our various lighting system with LED based of advance technology and regularly doing the same in energy conservation for environment betterment.</p>
<p>iii) The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act, 1986 Rules 1989 viz. 75 dBA (day time) and 70 dBA (night time).</p>	<p>We are complying with.</p>
<p>iv) The company shall undertake all relevant measures for improving the social-economic conditions of the surrounding area. CER activities shall be undertaken by involving local villagers and administration and shall be implemented. The company shall undertake eco-development measures including community welfare measures in the project area for the overall improvement of the environment.</p>	<p>We ensure for the same.</p>

For A. B. Sugars Ltd.

(Authorised Signatory)

<p>v) The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate change as well as State Government alongwith the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/pollution control measures shall not be diverted for any other purpose.</p>	<p>We ensure for the same.</p>
<p>vi) A copy of the clearance letter shall be sent by the project proponent to the concerned Panchayat, Zila Parishad/Municipal Corporation, Urban local body and the local NGO, if any from whom suggestions/representations, if any, were received while processing the proposal.</p>	<p>Complied with.</p>
<p>vii) The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the Company.</p>	<p>We are already doing and ensure for the same in future also.</p> <p>Copy of Environment clearance letter had been posted in our Company website namely https://absugars.com</p>

<p>viii) The environmental statement for each financial year ending 31st March in Form V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules 1986, as amended subsequently, shall also be put on the website of the company alongwith the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MOEF&CC by e-mail.</p>	<p>We are already doing and ensure for the same in future also.</p>
<p>ix) The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at website of the Ministry and at https://parivesh.nic.in/. This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned regional office of the ministry.</p>	<p>Complied with.</p>
<p>x) The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.</p>	<p>Complied with.</p>

For A. B. Sugars Ltd.

(Authorised Signatory)

xi) This environmental clearance is granted subject to the final outcome of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.	Agreed

A.B. SUGARS LTD., DASUYA

ENVIRONMENT MANAGEMENT CELL

Environment management cell is constituted under the supervision of President. In all there are one Asstt. General Manager, Chief Engineer, Manager, Senior chemists, chemists and operators/helpers exclusively for environment monitoring of liquid effluent(daily), ambient air(weekly) .A fully-fledged laboratory is also set-up at the cost of 25 lacs to monitor various parameters of air emission, liquid effluent and noise etc.

In our laboratory BOD incubator, COD unit, oven, Ph meter, centrifuge machine, electronic balance, Respirable dust samler, sound level meter, Air monitoring device etc are available for daily monitoring.

Activities of EMC:

- 1) Meeting of all the members has been kept fortnightly for up-dating the position and further improvement.
- 2) Every year we are planning to plant 2000 to 4000 plants for covering the total plantation area, surrounding E.T.P. area and inside the factory premises. Beside this 7 to 8 green gardens are also maintained inside factory.
- 3) It was also under our meeting that air, water and noise monitoring should be done regularly and all data should be kept on board.

For A. B. Sugars Ltd.

(Authorised Signatory)

- 4) It was ensured that fire fights mock drill exercise should be done weekly basis for checking of pump and pipe lines and all the fire fighting cylinder should be kept at already specified places with fully charged on regular basis.
- 5) New wash basins, bathrooms, toilets and urinals has been constructed for giving sufficient and suitable sanitation facilities for workers to maintain proper standard of hygiene.
- 6) Electro-magnetic flow meters has been installed on all the measuring station for controlling water,effluent etc .
- 7) All the ash shifted from boilers should be sprinkled by water properly and disposed at prescribed place.
- 8) Modification work in Sewage treatment plant was completed for effluent reduction and reuse of water.
- 9) Personal health care check up should be done on regular basis.
- 10) All the scrap material should be kept at one place and cleared on regular basis.
- 11) Rain water harvesting system for rooftops was installed in last one year for collecting rain water.
- 12) All the safety parameters should be maintained properly.
- 13) Environmental management focuses on the improvement of human welfare for present & future generation.
- 14) Using the resources to the extend to which is sustained.
- 15) We have maintained all function that development implement & monitor the environmental Policy of our organization.

**A.B. SUGARS LTD
(SUGAR DIVISION)**

ENVIRONMENT PROTECTION PLAN (EMP)

A.B. Sugars Ltd. (Sugar Division) is a unit of Wave Group is a highly reputed conglomerate with diverse interests that include Sugar Distillery, Paper, Liquor, Retailing, Construction operation of Multiplexes and distribution and screening of films etc. The groups rapid growth on Indian Corporate scenario rests on its strong foundation of professional management and astute collective enterprise. A.B. Sugars Ltd. is promoted by Wave One Group and is having 12000 TCD Sugar Mill and 33 MW Cogeneration Power Plant at Village Randhawa, Teshil Dasuya, District Hoshiarpur, Punjab.

The major Raw Material is Sugarcane. Our Cane crushing capacity is 12,000 Tonn cane/day which generate approximately 142 TPH of Bagasse with fibre content of 12.5% in cane. Sugar cane for the Sugar Mill is transported by road from the nearby areas which has been allotted by Punjab Government. Sugarcane Bagasse which will be available after crushing the cane and will be used as the primary fuel. For 12000 TCD cane crushed approximately 142 TPH net Bagasse shall be generated at 28.5% Bagasse in cane which is utilized for Sugar and Power production in our 80 TPH Boiler and 120 TPH Boiler .

We receive the Sugar cane from growers, after its weighment it is unloaded into the cane carrier. Sugarcane will be chopped to level, partial cut and uniformly fed to the fibrizer to prepare the same for efficient milling. After that juice is extracted in Mill House, then it sent to Clarification section, where the juice is heated to about 70 Deg. C in rapid flow vertical juice heaters of multi circulation type to maintain good co-efficient of heat transfer. Clarified juice from the clarifier is further heated to around 115 Deg.C in a tubular juice heater. After evaporation process, juice passes through Pan boiling, then

For A. B. Sugars Ltd.

(Authorised Signatory)

cooling and curing process start where we separate Sugar as well as Molasses. Sugar goes to Sugar Grader and then finally packed in Bags and stored in the Godown. Molasses which is bye-product of Sugar is sent to Molasses Tanks which is further utilised in our Distillery Unit as raw material.

We are having 2 Boilers having capacity 120 TPH and 80 TPH. We have installed ESP with 120 TPH Boiler and Wet Scrubber with 80 TPH Boiler as Air Pollution Control Devices. Its regular monitoring shall be done by team of PPCB and the results are within prescribed limit of the Board. Moreover, our both stacks are connected with the Camera's and its access with PPCB which are being monitored regularly during cane crushing season.

We are having 4300 Cum/Hr capacity Effluent Treatment Plant in which we treat the effluent generated from Sugar Mill and discharged onto land for irrigation/plantation purpose. We have developed about 55 Acre Plantation area where we discharge the treated effluent. Our ETP is connected with Cameras which is attached with the website of the Board and its regular monitoring is being done by the Officials. We have also installed Online Effluent Monitoring system in which various parameters like pH, COD, BOD, TSS, Flow etc parameter are continuously monitored and this system is also attached with the website of PPCB/CPCB. Sampling is final outlet is being done by the Official of the Board during cane crushing season and its results are within the prescribed limit of the Board.

We have constructed one separate Hazardous Waste Room, where hazardous material such as oil and grease is stored. We have entered into agreement with M/s. J.K. Trading Ltd. and sale the same to him, who provide us Manifest, its proper intimation is being sent to PPCB as well as Returns in the prescribed proforma is also being filled online which is in the record of the Board.

We have having 55 Acre area for plantation, where about 16-18000 Trees of different sizes are there. We are regularly maintaining this plantation area and plant fresh saplings where required.

For A. B. Sugars Ltd.

(Authorised Signatory)

Any undesirable happening of such magnitude & nature resulting in adversity production, loss of life and property, damage to the environment etc is termed as disaster. We had made all essential arrangement to ensure safety and reliability to avoid any accident occurrence in industrial premises. Besides the operating emergency, fire or disaster handling procedures have to be implemented to handle the emergency situation, we have procided various additional safety measures such as to ensure safe condition of equipments, pipelines, vessels, pumps, compressors etc before permitting repair and maintenance work, we have adopted fire and safety equipments, training procedures, locking and unlocking procedure for equipments powered by Electricity, hydraulic, pneumatic and steam etc. We had made one dispensary inside factory campus where one compounder is available at 24 Hrs. We have also prepared onsite emergency plan and copy of which had already submitted to Punjab Pollution Control Board, Regional Office, Hoshiarpur.

(UNDER PUBLIC LIABILITY INSURANCE ACT 1991)**

1. OPERATIVE CLAUSE

Whereas the Insured Owner named in the Schedule hereto and carrying on business described in the said Schedule has applied to the UNITED INSURANCE COMPANY LIMITED (hereinafter called the "Company") for the indemnity hereinafter contained and has made a written proposal and declaration which shall be the basis of this contract and is deemed to be incorporated herein and has paid the premium and statutory contributions towards the Environmental Relief Fund as per the provision of the Public Liability Insurance Act, 1991 and the rules framed there under, as amended from time to time..

NOW THIS POLICY WITNESSETH that subject to the terms, exceptions and conditions contained herein or endorsed herein, the Company will indemnify the Insured Owner against the statutory liability arising out of accidents occurring during the currency of the Policy due to handling hazardous substances as provided for in the said Act and the Rules framed thereunder as amended from time to time.

2. DEFINITIONS:

- a) "ACT" unless otherwise specifically mentioned shall mean the Public Liability Insurance Act 1991 as amended from time to time.
- b) "Accident" means an accident involving a fortuitous sudden or unintentional occurrence while handling any hazardous substance resulting in continuous, intermittent or repeated exposure to death of, or injury to any person or damage to any property but does not include an accident by reason only of war or radioactivity.
- c) "Handling" in relation to any hazardous substance means the manufacture processing, treatment, package, storage, transportation by vehicle, use, collection, destruction, conversion, offering for sale, transfer or the like of such hazardous substances.
- d) "Hazardous Substance" means any substance or preparation which is defined as hazardous substance under the Environment (Protection) Act, 1986 and exceeding such quantity as may be specified, by notification by the Central Government;
- e) "Owner" means a person who owns, or has control over handling any hazardous substance at the time of accident and includes:
 - i) in the case of a firm, any of its partners;
 - ii) in the case of an association, any of its members and
 - iii) in the case of a company, any of its directors, managers, secretaries or other officers who is directly in charge of, and is responsible to the company for the conduct of the business of the company;
- f) "Turnover" shall mean
 - i) manufacturing units- Annual Gross Sales of all goods including all levies and taxes
 - ii) Godowns/ Warehouse owners - Total Annual rental receipts
 - iii) Transport Operators - Total Annual freight receipts
 - iv) Others - Total Annual gross receipts.

3. EXCLUSIONS:

This Policy does not cover liability;

- 1. arising out of wilful or intentional non-compliance of any Statutory provisions.
- 2. in respect of fines, penalties, punitive and / or exemplary damages.
- 3. arising under any other legislation except in so far as provided for in Section 8 Sub-Section (1) and (2) of the "Act".
- 4. in respect of damage to property owned, leased or hired or under hire purchase or on loan to the Insured or otherwise in the Insured Owner's control, care or custody.
- 5. directly or indirectly occasioned by, happening through or in consequence of war, invasion, act of foreign enemy, hostilities (whether war be declared or not) civil war, rebellion, revolution, insurrection or military or usurped power;
- 6. directly or indirectly caused by or contributed to by:

- a) ionising radiation or contamination by radioactivity from any nuclear fuel or from any nuclear waste from the combustion of nuclear fuel;
- b) the radioactive, toxic, explosive or other hazardous properties of any explosive nuclear assembly or nuclear component thereof.

4. CONDITIONS:

1. The Insured Owner shall give written notice to the Company as soon as reasonably practicable of any claim made against the Insured Owner or of any specific event or circumstance that may give rise to a claim. The Insured Owner shall immediately give to the Company copies of notice of application forwarded by the Collector and all such additional information and or assistance that the Company may require.
2. No admission, offer, promise or payment shall be made or given by or on behalf of the Insured Owner under this Policy without the written consent of the Company.
3. The Company shall not be liable for any claim for relief made after five years from the date of occurrence of the accident.
4. The Insured Owner shall keep record of annual turnover, and at the time of renewal of insurance declare such turnover and all other details as may be required by the Company. The Company shall at all reasonable times have full rights to call for and examine such records.
5. If at the time of happening of any accident resulting in a claim under this Policy there be any other insurance covering the same liability then the Company shall not be liable to pay or contribute more than its rateable proportion of such liability.
6. This Policy may be cancelled by the Insured Owner by giving 30 days' notice in writing to the Company in which event the Company will retain the premium at short period scale of rates subject to there not having occurred an accident during the Policy period which may give rise to a claim(s), failing which no refund of premium shall be allowable.
7. This insurance may be terminated at any time at the request of the Insured, in which case the Company will retain the premium at customary short period rate for the time the policy has been in force. This insurance may also at any time be terminated at the option of the Company, on 15 days' notice to that effect being given to the Insured, in which case the Company shall be liable to repay on demand a rateable proportion of the premium for the unexpired term from the date of the cancellation. In either case premium will be refunded only if there is no claim under the policy.
8. If the Company shall disclaim liability to the Insured Owner for any claim hereunder and if such claim shall not within 12 calendar months from the date of such disclaimer have been made the subject matter of a suit in a competent court of law, then the claim for all practical purposes shall be deemed to have been abandoned and shall not thereafter be recoverable hereunder or be made the subject matter of any suit.
9. The Company shall not be liable to make any payment in respect of any claim if such claim shall be in any manner fraudulent or supported by any person on behalf of the Insured Owner and/or if the Insurance has been continued in consequence of any material misstatement or non disclosure of any material information by or on behalf of the Insured Owner. In such a case if the Company pays any amount to the claimant due to any Statutory provision, such amount shall be recoverable from the Insured Owner.
10. The Policy and the Schedule shall be read together as one contract and any word or expression to which a specific meaning has been assigned in the Act and the Rules framed thereunder or under this Policy shall bear such specific meaning.
11. Any dispute regarding interpretation of the terms, conditions and exceptions of this Policy shall be determined in accordance with the law and practice of a court of competent jurisdiction within India.

Communicable Disease Exclusion Clause:

1. Notwithstanding any provision, clause or term of this insurance contract to the contrary, this insurance Contract excludes any loss, cost, damage, liability, claim, fines, penalty or expense or any other amount of whatsoever nature, whether directly or indirectly and/or in whole or in part, related to, caused by, contributed to by, resulting from, as a result of, as a consequence of, attributable to, arising out of, arising under, in connection with, or in any way involving (this includes all other terms commonly used and/or understood to reflect or describe nexus and/or connection from one thing to another whether direct or indirect):
 - 1.1 a Communicable Disease and/or the fear or threat (whether actual or perceived) of a Communicable Disease and/or the actual or alleged transmission of a Communicable Disease regardless of any other cause or event contributing and/ or occurring concurrently or in any sequence thereto, and
 - 1.2 a pandemic or epidemic, as declared by the World Health Organisation or any governmental authority.
2. As used herein, Communicable Disease means: any infectious, contagious or communicable substance or agent and/or any infectious, contagious or communicable disease which can be caused and/or transmitted by means of substance or agent where:
 - 2.1 the disease includes, but is not limited an illness, sickness, condition or an interruption or disorder of body functions, systems or organs, and
 - 2.2 the substance or agent includes, but is not limited to, a virus, bacterium, parasite, other organism or other micro-organism (whether asymptomatic or not); including any variation or mutation thereof, whether deemed living or not, and
 - 2.3 the method of transmission, whether direct or indirect, includes but not limited to, airborne transmission, bodily fluid transmission, transmission through contact with human fluids, waste or the like, transmission from or to any surface or object, solid, liquid or gas or between organisms including between humans, animals, or from any animal to any human or from any human to any animal, and
 - 2.4 the disease, substance or agent is such:
 - 2.4.1 that causes or threatens damage or can cause or threaten damage to human health or human welfare, or
 - 2.4.2 that causes or threatens damage to or can cause or threaten damage to, deterioration to, contamination of, loss of value of, loss of marketability of or loss of use or usefulness of, tangible or intangible property. For avoidance of doubt, Communicable Disease includes but is not limited to Coronavirus Disease 2019 (Covid -19) and any variation or mutation thereof.
3. For further avoidance of doubt, any contingent or other business interruption loss, cost, damage, loss of income, loss of use, increased cost of working and/or extra expense arising out of or attributable to:
 - 3.1 any partial or complete closure of and/or slowdown in, including but not limited to any closure by or under the advisories of public, military, government or civil authorities, or any denial of access to insured premises, or customer and or supplier premises (including service / utility providers), or

3.2 change in consumer behaviour, or

3.3 an absence of infected employees or employees suspected of being infected shall not be covered by this insurance Contract.

4. For still further avoidance of doubt, loss, cost, damage, liability, claim, fines, penalty or expense or any other amount excluded hereby, includes but is not limited to any cost to identify, clean-up, detoxify, disinfect, decontaminate, mitigate, remove, evacuate, repair, replace, monitor, sanitize or test: (1) for a Communicable Disease or (2) any tangible or intangible property covered by this [insurance Contract] that is affected by such Communicable Disease.

5. It is clarified that (1) no other prior, concurrent or subsequent provision, clause, term or exception of this insurance Contract (including (but not limited to) any prior, concurrent or subsequent endorsement and/or any provision, clause, term, buy back or exception that operates, or is intended to operate, to extend the coverage of, or protections provided by, this insurance Contract] by whatever name called like any coverage extension, additional coverage, global extension, exception to any exclusion); (2) any change in the law, clause or similar provision; (3) any follow the fortunes clause or similar provision; and/or (4) no change in the law or any regulation (to the extent permitted by applicable law), shall operate to provide any insurance, coverage or protection under this insurance Contract that would otherwise be excluded through the exclusion set forth in this [Endorsement][Clause].

6. If the insurer alleges that by reason of this [Endorsement][Clause] any amount is not covered by this insurance Contract the burden of proving the contrary shall rest in the insured.

Pandemic /Epidemic Specific Exclusion Clause:

Notwithstanding any provision, clause or term of this Contract, this insurance Contract excludes any first party and/or third-party actual or alleged loss, injury, sickness, disease, death, medical payment, defence cost, cost, damage, liability, claim, fines, penalty, compensation, expenses or any amount of whatsoever nature, whether directly or indirectly and/or in whole or in part, arising out of (this includes all other terms commonly used and/or understood to reflect or describe, direct or indirect nexus and/or connection between one thing and another), intentional or unintentional violation of

a. The provisions of Disaster Management Act, 2005 as amended from time to time

b. The provisions of The Epidemic Diseases Act 1897 as amended from time to time

c. The provisions of any act dealing with public health and/or public safety

d. The rules, regulations, orders, guidelines, policies, notification etc issued from time to time under any of the above acts.
